DICOM MEDIA CREATOR

d-blaze

DICOM Media Creator

How it works:

- 🔥 Open D-Balze application and insert CD/DVD.
- 🔥 Import DICOM files/folders residing locally or query from a DICOM server/modality and select the desired images.
- 🔥 Burn!!!

Key benefits:

- 🔥 Instant distribution of DICOM media to patients or referring physicians.
- 🔥 Quick back-up of critical DICOM data.
- 🔥 Save the cost of printing films.
- 🔥 Plug n Play application. No training required.
- 🔥 When loaded onto a laptop, it becomes a highly portable solution for physicians visiting multiple sites.

Key Features:

- 🔥 Burn CD/DVD with embedded DICOM viewer.
- 🔥 Create multi-patient CD/DVD for distribution to referring physicians
- 🔥 Add multiple DICOM nodes to query from – Users can easily swap between them.
- 🔥 Multiple search option – Search based on patient ID, modality, study, date, sex, etc.
- 🔥 Option to anonymize patient images that is being written on the CD/DVD.
- 🔥 Option to leave the CD/DVD open to burn more DICOM data at a later point of time.
